CO<sub>2</sub>-Neutrality & the "CO<sub>2</sub> NEUTRAL" label are reviewed and validated by Vinçotte, an independent international certifying authority. Through in-depth audits, Vinçotte controls the implementation of the CO<sub>2</sub>logic approach: calculate, reduce & offset CO<sub>2</sub> emissions. All CO<sub>2</sub>-NEUTRAL companies, organisations, entities, services or products must undergo the same approach in order to achieve any "CO<sub>2</sub> NEUTRAL" status. This approach is in line with the PAS2060, the international standard for CO<sub>2</sub> neutrality by the British Standard Institute (BSI).
